Food Allergy
Lunchroom Detective Club

Your Assignment:
Help keep classmates safe!

1. Know the allergens to avoid. Likely suspects include:
   - Milk
   - Egg
   - Peanut
   - Tree nuts
   - Wheat
   - Soy
   - Fish
   - Shellfish
   - Sesame

2. Watch area for traces of the allergen. This includes:
   - Dirty tables and empty wrappers

3. Avoid sharing items with others. This includes:
   - Food, drinks, napkins, and silverware

4. Pay attention to your classmates. This includes:
   - How they look, act, and feel

5. Get help immediately, if a classmate is having an allergic reaction or you have any concerns to safety!

Keep Up The Great Work, Detective!
